ETHIOPIA: My name is Ato Teklu Hadgu. I am a farmer and live with my wife and eight children in the Tigray region in northern Ethiopia. At times, I had to leave my home and search for work or even sell my tools and other valuables to buy food for my family during the dry seasons. Catholic Relief Services came to my village and helped us set up a water system so we could better manage our scarce water supply. We received tools, vegetable seeds, training on how to irrigate our crops, and other assistance to help us improve our harvests.

Now I am able to produce enough food for my family's needs and even have some left over to sell in the market. I expanded my farm by buying livestock and beehives,

also have been able to save some money for the future. I am no longer afraid of the dry seasons. I feel more in control of my own destiny since I know I can provide for my family without relying on assistance.

*God of all people, Hear us as we join in prayer with our brothers and sisters in need. Bless our Lenten fasting, learning, and giving. May your generous love for your people be our guide as we reach out to all who live with hunger and poverty. Amen.*

Rice Bowl contributions will be collected on Holy Thursday.
